

Farmer-N-Dell Summer Camps 2014

Local Heroes Real live heroes live right here in Kinston, and our campers will get to meet some of them each day, tour their vehicles, hear their sirens, and learn about their jobs in the community. The children will also develop an appreciation for these heroes, and make thank you notes for these great service men and women of our community!

Sports Who doesn't love a week full of sports? Children will learn the basic rules of soccer, basketball, baseball, volleyball, and football. We will then put these rules to good use practicing and playing each of these sports! This week will be a ball!! (Literally©)

Arts & Culture All around the world, art plays a significant role in our cultural stories and identities. We'll explore the expression of these cultural traditions through art, examining the styles & techniques used. Children will expand their appreciation of other cultures and create beautiful works of art inspired by each tradition. This week of camp ends with an exhibition of artwork, because children flourish when they put the skills they've learned into practice.

Science/ Discovery The world is an amazing place, and where better to discover more about it than right here at FND! From plants and gardening to animals and bugs, we will be exploring all of the sciences during this fun week of camp. Bring your curiosity and an open mind, and we'll provide the adventure.

Kids with character Let us help you discover that you have what it takes to be a kid with character! Care, Honesty, Respect, & Responsibility...these are the important skills and values you will practice and learn through community service projects and fun team building activities. Learn to be your best, and learn how your best helps create a better place for everyone!

Dr. Seuss Camp Let your imagination be your guide. We will dive into books to voyage off to find aliens, to solve mysteries, & many other adventures. With the help of activities such as a guest speaker and a trip to our local library, the children will be given the opportunity to develop a real love and appreciation for reading! No AR tests this summer!! "The more you read the more things you will know, the more that you learn, the more places you'll go." -Dr. Seuss

Celebrations It is a non-stop celebration at FND!! Join the fun this summer for a week-long celebration of spring, summer, winter, and fall holidays that is sure to keep you celebrating all week long! We will celebrate Christmas, Easter, Halloween, Cinco de Mayo, and Independence Day all in one week!

The Great Outdoors You will not want to miss exploring the great outdoors with games, activities, and fun that will both challenge you and stretch your knowledge and appreciation for all that nature has to offer! We will visit the nature center, take a nature walk on our property, have a treasure hunt, mine for gold (and other treasures), and compete in an obstacle course! Great fun will be had by all explorers this week.

Drama We will all learn to be performers this week. Each camper will learn a part in either a skit or play and be ready to perform for their parents on Friday! We will create costumes, memorize lines, and practice performing, so that we are ready to show the parents our newfound appreciation for this unique art!

Water Explosion There isn't much of anything more exciting than water play in the heat of the summer! We will compete in various water games, learn to play water polo, enjoy sprinklers, as well as enjoy our daily pool time! This week we will also visit Lions Water Park @ Woodmen's Community Center! Don't miss a week full of water fun with your friends!
